SUMMARY

As a passionate game developer with expertise in game design and programming, I strive to create innovative games and continuously enhance my skills. My motivation lies in exploring new technologies and implementing creative ideas to make a mark in the game industry and provide players with memorable experiences.

WORK EXPERIENCE

Boem Games   **Jan 2024 - Present**
   Co-Founder & Game Developer
- At OGEM, our startup focuses on developing cutting-edge mobile games in puzzle and casual genres.
- Tasks involve brainstorming creative game ideas and addressing technical challenges.
- Our goal is to deliver engaging experiences for players.
- Utilize OGEM's resources to achieve optimal positioning in the market.

Google Game & App Academy   **Nov 2022 - Jul 2023**
   Game Development Trainee
- Completed courses in game development using Unity.
- Achieved first place in a game jam
- I attended project management courses offered by Google and improved my skills
- I attended technology-focused entrepreneurship courses and further developed my skills in this area.

SkyBlu Games   **May 2022 - Jan 2023**
   Game Developer Intern
- Created prototypes for hyper-casual games.
- Implemented agile methodologies.
